Saturday afternoon
July 2 -

Hi -

Had lunch at the airport
before we left. Took off about
1:30 and they served this
lunch about 3:00. We certainly
werent very hungry so
all we ate was the
soup, little of the rest, and
the strawberry tart for dessert.
Had my cup of tea. The
weather has been real
nice flying; no stormy weather
or anything. Flew over St. Louis,
Missouri and saw the
Mississippi River.

We should be in Mexico
City about 7:30 our time.
Then we get to eat dinner
again. We will not stop along the way.
